

JOHN DE NUGENT, write-in candidate
FOR PRESIDENT of the *AMERICANS*

Folks, we've never had a former Marine as president, but maybe it's time. This is *not* a "recession," but a Worldwide Economic Depression, a **CRASH**, with untold **TRILLIONS in UNPAYABLE debt**: personal, corporate and governmental. We *must* therefore **CANCEL the dollar and ALL DEBTS**. We need **right away a new currency**, called the *Jefferson-Jackson*, and a new **NON-PROFIT NATIONAL BANK (no more "Fed")** to issue the currency and make new loans, *interest-free*. **No more bailouts for Wall Street crooks -- we need jail-ins!** And a FRESH START, debt-free! This is how Germany recovered fast from the ruins of WWII. Chinese, Japanese or Wall Street billionaires must not *buy up America on the cheap* during a Crash while we STARVE.

I demand:

***American factory jobs** again & **no more trade with China** *Vote for WHITE SAFETY ZONES and Black Self-Rule zones; **LOCAL CONTROL** of TV, music, film standards, SCHOOLS and IMMIGRATION. ***TROOPS HOME -- AND GUARD THE BORDER WITH MEXICO.**

I will run a ballot campaign for president in 2012.
